To:

Mr. Nimal Siriwardhana

No. 45, Green Lane

Rajagiriya, Sri Lanka

Subject: Approval of Rooftop Solar PV Application

Dear **Mr. Nimal Siriwardhana**,

1. Reference & Approval

With reference to your application **No. 2025-CEB-0345**, approval is hereby accorded for installing a rooftop grid-interactive Solar Photovoltaic (PV) system of **4.5 kWp** capacity at your premises usrp.andaman.gov.in.

2. Conditions of Approval

This approval is subject to:

- **Standards Compliance:** All modules, inverters, and balance-of-system components must conform to applicable IEC/BIS standards and carry valid test certificates rooftop.mpcz.in.
- **Installer Requirement:** Installation must be performed by an empanelled CEB installer, as listed on our website.
- **Documentation:** Submission of the work-completion report, module and inverter manufacturer test certificates, and signed interconnection agreement upon commissioning.

3. Validity Period

This approval is valid for **180 days** from the date of this letter. The system must be commissioned within this period; otherwise, this approval will be automatically cancelled rooftop.mpcz.in.

4. Next Steps

- **Technical Inspection:** Contact our Technical Coordination Team at **+94 11 234 5678** or email **techcoord@ceb.lk** to schedule your on-site pre-installation inspection.
- **Metering & Grid Connection:** Submit your final site plan and meter-installation request at least **30 days** prior to planned commissioning.
- **Final Approval:** Upon satisfactory inspection and receipt of all documents, a commissioning certificate will be issued, enabling net-metering. apcpdcl.in

Congratulations on taking this important step toward sustainable energy. We look forward to supporting your project. If you have any questions, please feel free to reach out.

Sincerely,

Eng. K. Mahendran
